The Harassment Workshop

Viewers hear from their peers about diverse forms of harassment that are all-too-common on many school campuses. Real teens discuss their experiences with bullying, intimidation, exclusion from a social group, verbal abuse, name-calling, sexual harassment, hazing and Internet harassment also known as cyberbullying. The program's peer-to-peer format provides compelling personal stories that viewers will recognize—whether they have been the target of harassment themselves, or if they have been the antagonist in a similar situation. Program offers specific tips on how to confront the problem head-on. Teen speakers discuss when and how to diffuse a situation, avoid it or stand up for themselves. Follow-up activities in the Teacher's Resource Book allow students to continue exploring this important topic. ©2006. Rated: NA
