Introduction to Agricultural Credit

In this Microsoft® PowerPoint® Presentation, students are taken through history to gain a full understanding of the importance of government's role in agricultural credit. Additionally, the presentation allows students to gain a full understanding of the various institutions, systems and associations (e.g., Farm Credit Administration, Farm Credit System, Production Credit Associations and banks or mortgage companies) that are vital to the credit system in agriculture. Students also become equipped with knowledge that plays a vital role in the credit granting process. Furthermore, key definitions and tips are presented to aid students in gaining and maintaining a great credit score which will be invaluable later in life. ©2009. Length: 108. Recommended: HS

PPT-09-008-4...\$69.00 (Member: \$65.55)

Issuing Credit

In this PowerPoint® presentation, students will examine the various types, uses and sources of credit. Furthermore, students will gain a full understanding of the guidelines used when establishing credit ratings and scores. Students will also obtain a clear view of the reasons for maintaining good personal and

business credit ratings. ©2009. Length: 36. Recommended: HS

PPT-09-079-4...\$69.00 (Member: \$65.55)

Sales Finance

Sales financing can be a complex process that involves figuring out payments with interest rates applied. This presentation discusses the various techniques used to finance a sale. Several examples are given with a thorough explanation of each. The presentation also goes into the basics of loans and how financing differs with each type of loan. ©2009. Length: 30. Recommended: HS
