DVDs 

***New!* Fire Safety and Evacuation**

It's one thing to understand the importance of fire safety and another to be prepared when a fire emergency strikes. Knowing how to prevent fires, keep a clear head during an evacuation—even put out a small fire using a fire extinguisher—can save lives and property. ©2009. Length: 16. Recommended: HS/PS/AD

DVD-09-171-4...\$129.00 (Member: \$122.55)

***New!* Keeping Your Workplace Safe: Proper Lifting Techniques**

You can't rely on instinct when it comes to lifting properly. If you don't stop and think before you grab that heavy crate or unwieldy piece of plywood, you can get seriously hurt. ©2009. Length: 15. Recommended: HS/PS/AD

DVD-09-170-4...\$129.00 (Member: \$122.55)

***New!* Keeping Your Workplace Safe: Slips, Trips, and Falls**

This DVD shows specific procedures that can raise safety awareness throughout your organization and help prevent accidents. ©2009. Length: 21. Recommended: HS/ PS/AD

DVD-09-169-4...\$129.00 (Member: \$122.55)
