SHARE YOUR KNOWLEDGE AND PASSION

MBA Research Conclave: A Curriculum and Teaching Conference is designed specifically for teachers and administrators of Career and Technical Education (CTE) programs in Business Administration.

Presentations by business and industry leaders are a highlight of the conference. These sessions provide teachers with a window into current trends in the workplace that they can bring back to the classroom and share with their students.

Why be a speaker at Conclave?

- Share the story of your company
- Support business education in high school
- Help shape the employees and leaders of the future
- Network with other business and education professionals

MBA Research & Curriculum Center is a not-for-profit dedicated to the research, development, and dissemination of materials for teachers of business management, marketing, finance, entrepreneurship, and hospitality management.

Our **mission** is to support educators in the preparation of students for careers in business.
