Compliments of the Daniels Fund

DANIELS FUND ETHICS INITIATIVE Community College Program

The Daniels Fund Ethics Initiative Community College Program delivers principle-based ethics education and reinforces the value of ethical business and personal conduct. This extends beyond philosophy and theory to real-world, practical application of ethical principles as a framework for personal and organizational decision-making.

Resources within the Daniels Fund Ethics Initiative Community College Program are developed by MBA Research and Curriculum Center, a nonprofit consortium of state departments of education dedicated to supporting educators in the preparation of students for careers in business management, finance, and marketing.
