

Learn on Your Schedule with Our Professional Learning Minicourse Collections

Discover flexible, asynchronous minicourses designed to support your professional growth and help you work toward potential CEU credit. Each collection features short, focused lessons that introduce key concepts, check for understanding, and include practical assignments to build your skills.

Earn a digital badge for every minicourse you complete, and receive a Certificate of Completion for finishing an entire collection—perfect for sharing with your school or district.

Getting started is simple: Use the minicourse collection QR code to register with your name and email, follow the online instructions to access the collection, and then dive in anytime. Learn at your own pace as you work through each training.

Current Minicourse Collections Available:

Ethics Education Resources

This minicourse collection highlights a range of ethics resources developed by MBA Research through the Daniels Fund Ethics Initiative.

Minicourses include:

- MBA Research and The Daniels Fund
- The National Business Administration Standards
- Understanding the Ethical Leadership Course Guide for High School Students
- Understanding Ready-Made Lesson Modules aka Learning Activity Packages (LAPs)
- Creating a Course Shell in the Learning Center
- Additional Ethics Resources

MBA Research Resources

This minicourse collection allows you to spend some time with key resources that either aid in developing our resources or are instructional resources designed to support you in the classroom. As you navigate this collection, you will learn and complete assignments to better understand how to use these resources.

Minicourses include:

- The National Business Administration Standards
- MBA Research Course Guides Overview
- Overview of State's Connection

The MBA Learning Center

This series of minicourses guides you through the MBA Learning Center, making it easier to navigate. Starting with account setup, the collection walks you through creating a course shell, accessing instructional content, building quizzes, and more. By breaking the training

into manageable minicourses, you can explore Canvas at your own pace and decide whether to use it as a complete Learning Management System with your students or simply as a digital filing cabinet for your resources.
